PROF. HIROHIDE HAGA

Doshisha University, JAPAN

EXCHANGE PROGRAMME AND INVITATION TO DOSHISHA UNIVERSITY

BACKGROUND OF SPEAKER

Dr Hirohide Haga is currently a Professor of Computer and Information Science at Doshisha University (DU), Kyoto, Japan. He received his Bachelor and Master of Engineering in Electrical Engineering from Doshisha University and Ph.D. in Computer Science from Kyoto University in 1978, 1980, and 1995, respectively. He started his research career as a research engineer at Hitachi, Ltd., one of the leading engineering companies in Japan, in 1980. After 14 years of working at Hitachi, he moved to Doshisha in 1994. His research interest includes a wide range of computer science and information technology such as software engineering, information retrieval, ubiquitous computing, blockchain technology, digital art and multiagent system. Based on his academic and industrial contribution to information technology and computer science, he was approved as a Chartered IT Professional (Chartered Engineer in IT sector) from the British Computer Society. Furthermore, he was appointed as an Academic Fellow of School of Mathematical Science, Universiti Sains Malaysia in 2021. He has rich experience in international research and educational collaboration. He has accepted and supervised over 20 international students (both Master and Ph.D.) from France, Italy, Netherlands, Iran, China, Morocco, Togo Republic, and Saudi Arabia.

In this talk, he will share the exchange programme at Doshisha University, which is a renowned Japanese university for its excellence in education and rich cultural heritage. As our MoA partner, DU extends its invitation to USM staff and students by offering a unique chance for cross-cultural exploration and academic growth.
